Email: singhsatyavir36812@gmail.com

Mobile: +91 7906025497

SKILLS

Languages: C++, Python, C, HTML, CSS

Hardware: ESP32, Embedded Systems, Microcontroller Programming

Tools/Platforms: Git/Github, VS Code, MS SQL Server

Soft Skills: Analytical Thinking, Problem-Solving, Team Collaboration, Time Management, Adaptability

PROJECTS

EVA – Smart Glasses for the Visually Impaired

Sept' 25

- Designed and built a wearable assistive technology device using ESP32 microcontroller to help visually impaired individuals navigate their environment independently.
- Integrated a camera module for real-time object detection and developed an audio feedback pipeline to identify and announce surrounding objects to the user.
- Engineered a lightweight, low-cost hardware prototype with a focus on usability and accessibility for people with visual disabilities.
- Tech Stack: ESP32, Camera Module, AI, Embedded Systems

WeatherGPT – AI-Powered Weather Assistant

July' 26

- Developed an AI-powered weather assistant that processes natural-language queries to provide real-time weather, air quality, and forecast information.
- Implemented an agentic tool-calling workflow using Node.js and Groq LLM, dynamically fetching relevant weather data based on user intent.
- Built an interactive web interface with support for weather visualizations, location-based data, voice input, and multilingual interactions.
- Tech Stack: Node.js, Groq LLM, OpenWeatherMap API

CERTIFICATIONS

- | | |
|--|--------------------|
| • Hands-on Bootcamp on Artificial Intelligence BlockseBlock & OpenAI | 28 Aug 2025 |
| • Computer Programming (150 Hours) NEO COLAB | 20 May 2026 |
| • Big Data infosys springboard | 25 Mar 2025 |
| • Python fundamentals Infosys Springboard | 2 Sept 2026 |

ACHIEVEMENTS

- Actively solving programming problems on online coding platforms; solved 40+ problems so far, continuously strengthening problem-solving and programming skills.
- Actively participating in hackathons organized by Lovely Professional University, collaborating with peers to develop innovative technology-driven solutions, and preparing to participate in the upcoming Smart India Hackathon.

EDUCATION

Lovely Professional University

- Bachelor of Technology - Computer Science and Engineering | CGPA: 8.1

Phagwara, Punjab
[2025] - Present

Brilliant Public School

- Higher Secondary Education | Percentage: [73 %]

Aligarh, Uttar Pradesh
[2023] - [2024]
